Dear parents,

Recent economic downturn has created challenges for all of us. So many people have lost their jobs and therefore the health insurance coverage provided by their employers. Unfortunately, many businesses have made deep cuts into their benefit programs. High deductible insurance has become very common; we would like to provide you with an alternate option.

It is very important to me that all the children under my care still have access to their Pediatrician. If you have found your family no longer covered by health insurance, our office is now offering an “**Office Visits**” **Coverage Plan** for your children.

How does the Plan work?

1. Take some time to carefully read the conditions of the Plan.
2. If the Plan sounds like a good option for your family, return the signed letter with a check. This amount covers the annual premium for your child or children.
3. Your coverage will start 14 calendar days from the date we receive your letter.

What does the Plan cover?

- All regular hours sick and well visits to the office of Dr. Marina Yam
- 20% off the cost of regular vaccinations

What is not covered?

- Any prescribed / over the counter medications
- Any health services outside Dr. Marina Yam’s office

Cost:

- \$260 per year for first child
- \$230 per year for second child
- \$40 co-payment per sick or well visit per child (payable at the time of visit)

*Your annual premium is non-refundable (fully nor partially) and provides 12 months of coverage from the date it becomes activated.

*The **Coverage Plan** is renewable based on acceptance of both parties.
